

Website Accessibility Notice

Plymouth Public Schools is committed to making sure our web presence works in the most inclusive and equal way possible. We will be diligent and ensure that we are providing a website that will be accessible to the widest possible audience.

We are actively working to ensure our website and content pages conform to WCAG 2.0 Level AA (Web Content Accessibility Guidelines 2.0) standards.

Plymouth Public Schools will strive to adhere to the accepted guidelines and standards for accessibility and usability; however, it is not always possible to do so in all areas of our website. Any individual who is unable to access any material in the form presented on the District's website, because of a disability, should report this to the District. We will work towards providing access to said material if it can be made available in an alternative, more accessible format.

Any individual requesting alternative access to website content may send correspondence to webmaster@plymouth.k12.ma.us or to the following address: Plymouth Public Schools, Technology Coordinator, 253 South Meadow Road, Plymouth, MA 02360. To assist us in responding to the request, please indicate the nature of the accessibility concern, the web address of the requested material, your desired outcome or preferred format in which you want to receive the material, along with your name and contact information.
