The Plymouth School Department requires payment of a bus fee for all students intending to use bus transportation for the 2023-2024 school year under the following guidelines: Massachusetts General Law CH. 71, S. 68, requires that school committees provide free transportation, once daily, to and from school for students in grades K-6 who live two (2) or more miles from their assigned schools. The statute further requires that students not be required to walk more than one (1) mile from their home to their assigned bus stop. Therefore, no bus fee will be charged for students in Grades K-6 residing two (2) or more miles from their assigned school. **A BUS FEE WILL BE CHARGED** for students in Grades K-6 residing less than two (2) miles from their assigned school, and **all** students in Grades 7-12, regardless of distance.

In order to qualify for the advance payment discount and to guarantee a seat on the bus for your child, payment must be made on or before June 30, 2023. Fees paid after that date will be assessed at the REGULAR FEE RATE. The regular fee rate will be reduced by 50 percent (50%) for students enrolled after February 1st (the mid-year point of the school year). One-way bus passes may be purchased at 50 percent (50%) of the regular fee rate. AM or PM must be noted on application.
